

Perry Mann announces the First-Ever Exotic Erotic STRIPPERS & HUSTLERS BALL

Huge Party Set for Orleans Arena, Las Vegas over Labor Day Weekend
Live music, Top DJ's, Hot Burlesque, and National Stripper Competition

LAS VEGAS, NV (June 19, 2008) – Perry Mann and the team behind the world famous Exotic Erotic Ball - the internationally acclaimed *Celebration of Flesh, Fetish, and Fantasy*, and - according to E! Entertainment TV - “*The World’s #1 Wildest and Sexiest Party*,” has announced their first Las Vegas show: **The Strippers and Hustlers Ball**. It’s billed as “a full weekend of eye-popping entertainment”, and it’s all set to go down at The Orleans Arena in Las Vegas over Labor Day Weekend – August 30 and 31, 2008.

“I’m very excited,” says Mann, the founder of the Ball. “We’ve been looking at coming to Las Vegas for a few years. We thought the prospect of bringing a giant party to a bona-fide arena like The Orleans during a destination weekend like Labor Day was a fantastic opportunity. I’m pulling out all the stops for this one!”

The Strippers and Hustlers Ball will feature live headline musical entertainment, top DJ’s spinning house music, hot burlesque acts, strippers, exotic dancers, outrageous fashion, fun exhibits, and some major surprises. Plus - more strippers.

“Strippers to the left, strippers to the right,” adds producer Howard Mauskopf. “Perry and I love strippers; heck - everyone loves strippers!”

The Strippers and Hustlers Ball will celebrate stripping as an art form and will feature a national competition with over \$25,000 in cash and prizes to crown America’s #1 stripper. The categories are Best Body, Best Dancer, and Best Pole Dancer. The semifinals will occur on stage at the Ball on August 30, and the finals on August 31.

The dress code is – ladies, dress like strippers; gentlemen, dress like hustlers. The colors are black and pink. “It’s not a full costume event,” adds Mann, “but everyone needs to dress their sexiest, and wear mostly black and pink.”

Unkle Paul aka Paul Nathan will leave his Bay Area lair to host the weekend event. **The Porcelain Twinz** – one of the world’s premier burlesque acts - two gorgeous pale-skinned identical twin sisters who are, ahem, very close - will perform live each night. The #1 model on the entire internet - **Bobbi Billard**, the multitalented Myspace vixen who is ranked as the #1 model on the internet, will be on hand along with Asian supermodel **Akira Lane** to host some on-stage antics – they are both stars of the horror

classic remake *Ice Scream – The Remix*. Speaking of antics, Nathan will bring **The Wheel of Depravity** – people in SF are still buzzing from the last Exotic Erotic show when the wheel landed on “eat the edible bra off the porn star.” **Scooter and Lavelle** will be trekking up from Arizona to spin on Saturday. Rising hip-hop artist **Chuck Nutt** will be performing the event’s theme song – *My Stripper Lover* – co-written by Mann. And acclaimed musical artist **Mobius8**, inventor of the Hydra, will perform a different show each night, fully armed with lasers, and promising a multi-sensory experience to eclipse any he’s done before. “We’re so thrilled to have Mobius8 on board, DJ-ing both nights,” adds Mauskopf, “although it’s sure hard to call him a DJ. He’s more like a futuristic mad conductor who commands light and sound to morph and bend according to his will. He is a special talent, his show is amazing, and people are going to love it.”

There will also be exhibits showcasing exotic fashion, erotic art, games, websites, and novelties plus a spiritual oasis with psychics and massage. **Sonicbids** will sponsor an Indie Music competition, and the winning band will get a prime gig to play the Ball.

The two-day show is Saturday, August 30, 2008 from 9PM til 4AM; and Sunday August 31 from 9PM til 4AM, at The Orleans Arena in Las Vegas. The event website is www.strippersandhustlersball.com. Tickets are available online and a limited number of discounted hotel/ticket packages are available online as well. For images, please visit the website Press Page.
